

In accordance with the principles and the values listed in the Code of Ethics, the management of FIMAC S.p.A. is committed to:

1. achieve the Customer satisfaction, and, more generally, of all the Interested Parties, providing products that meet specified requirements, to requirements not specified but necessary for the intended use, to legal requirements and any additional requirements determined by the company;
2. pursuing the continuous improvement of the effectiveness and efficiency of the company management system, through the enhancement of human resources and the constant process improvement, together with Customers, Suppliers and Interested Parties;
3. protect the health and safety of employees, contractors and visitors through the elimination of risks and, where this is not possible, through the minimization of risks, in relation to knowledge based on technological progress;
4. achieving environmental sustainability objectives in the short, medium and long term, through the minimization of environmental impacts of establishment, products and services, as far as technically possible and economically reasonable.

Renata Callerio
Chief Executive Officer
